

Search Engine Optimization (SEO) Program

Increase the Visibility of Your Company's Website!

Search Engine Optimization, known as SEO, is one of the lowest cost methods of driving traffic to your website. Without proper search engine optimization on your website, you are missing out on potential leads for your business. With the Onsharp SEO Program, we make sure that all aspects of your website and its content are thoroughly reviewed and optimized to ensure that leading search engines such as Google and Yahoo are indexing your website as close to the top of the list for your key words as possible.

Pricing

The Onsharp SEO Program is extremely affordable and provides peace of mind knowing that a team of experts is managing your search engine optimization efforts. Our pricing model includes a one-time setup fee, followed by a monthly account management fee based on your advertising budget.

Setup Fee: \$395

Number of Pages	Onsharp Management Fee
1	\$79
2-5	\$149
6-10	\$199
11-15	\$249

How It Works

Step 1: Keyword Building

Through extensive keyword research, we build a targeted keyword list that will ensure you are gaining as much targeted website traffic as possible.

Step 2: Page Optimization

Once your keyword list has been finalized, our SEO experts will integrate those keywords into both the code and the content of your website in order to gain optimal search engine ranking.

Step 3: Search Engine Submission

We will generate a site map that includes links to every page on your website and manually submit your website to all the major search engines and directories including Google, Yahoo, and MSN.

Step 4: Management & Reporting

Our team of experts will monitor your SEO performance on a monthly basis and make any necessary website changes to ensure that your website is achieving strong SEO performance.

What to Expect

- Increased web traffic
- Increased web leads
- Outstanding customer service
- Valuable monthly reporting
- One-on-one support
- Peace of mind
